

BACKGROUND & PHILOSOPHY

Situated in the heart of the Town of Orange Park, Florida, Orange Park Elementary is the oldest school in Clay County, built in 1927. With an enrollment of approximately 500 students, we offer a setting where it is possible to know each child as a unique individual. Revitalized as a "concept" school in Clay County in 1993, we hold high standards of academic excellence and behavior as top priorities. We are committed to the belief that students attain academic excellence when parents, children, and school staff work cooperatively together, sharing responsibility for success in school. Our adopted policies and commitments reflect this belief.
